Subject: R2005002 Email Ruling Noticing November 17, 2020 Workshop

This Email Ruling sets forth the date, Tuesday, November 17, 2020, beginning at 10:00 am, for a workshop in Rulemaking (R.) 20-05-002. Due to the ongoing Shelter-In-Place Order related to COVID-19, the workshop will take place on the WebEx platform, with presentations and discussions on staff proposal recommendations. As described below, this workshop will address foundational elements of the longer term issues. Further

workshop details, including instructions for party and other stakeholder participation will be provided in a subsequent email.

The July 3, 2020 *Assigned Commissioner's Scoping Memo And Ruling* (Scoping Memo) set forth the scope and schedule for this proceeding. Having addressed the threshold and near term issues in Decision 20-10-002, we now move on to the longer term issues provided in the Scoping Memo. Given the constraints of a virtual workshop, we will consider the longer-term issues over the course of two workshops, with the first being on November 17, 2020.

During the November 17, 2020 Webex workshop, we will use a series of presentations, Q&A sessions, and group discussions to address the following foundational elements of the longer term scoping issues:

- Current Statutes and Requirements for Climate Credits;
- How the Climate Credits Have Met the Policy Objectives;
- Policy Objectives: Is the list complete and how should it be prioritized;
- Current Credit Design and Delivery Process for each Climate Credit;
- Education and Outreach Activities for the Climate Credits; and
- Large Energy Intensive and Trade Exposed Entities' California Industry Assistance.

Additional details on the workshop, including the link, agenda, and participation instructions will be provided in a subsequent email.

IT IS RULED that a workshop to discuss the foundational elements of the longer term scoping issues in Rulemaking 20-05-002 will be held through the Webex platform on Tuesday, November 17, 2020 beginning at 10:00 am.

The Docket Office shall formally file this Email Ruling.
